

Online Reservation System

<http://www.skimos.com/reserve>

Welcome to the online Reservation System. This site is a quick and easy method of reserving a room, selecting your meals or simply checking who else is coming up for the weekend.

The Reservationist this season is **Jean McInerney**; she will be using the Admin system to generate the chore and room list. These will be posted at the house each weekend.

How to Make an Online Reservation

1. Go the Web Site: <http://www.skimos.com/reserve>
2. Login with user name and password
 - User name = FIRST INITIAL + LAST NAME
 - The password is initially the same as user name: e.g John Smith would able to login by typing: **JSmith** in both Username and Password boxes. (it is suggested that you change the password to a word known only to you.)
 - User Name and Password are NOT case sensitive
3. Follow the simple steps outlined in the screen shots that follow

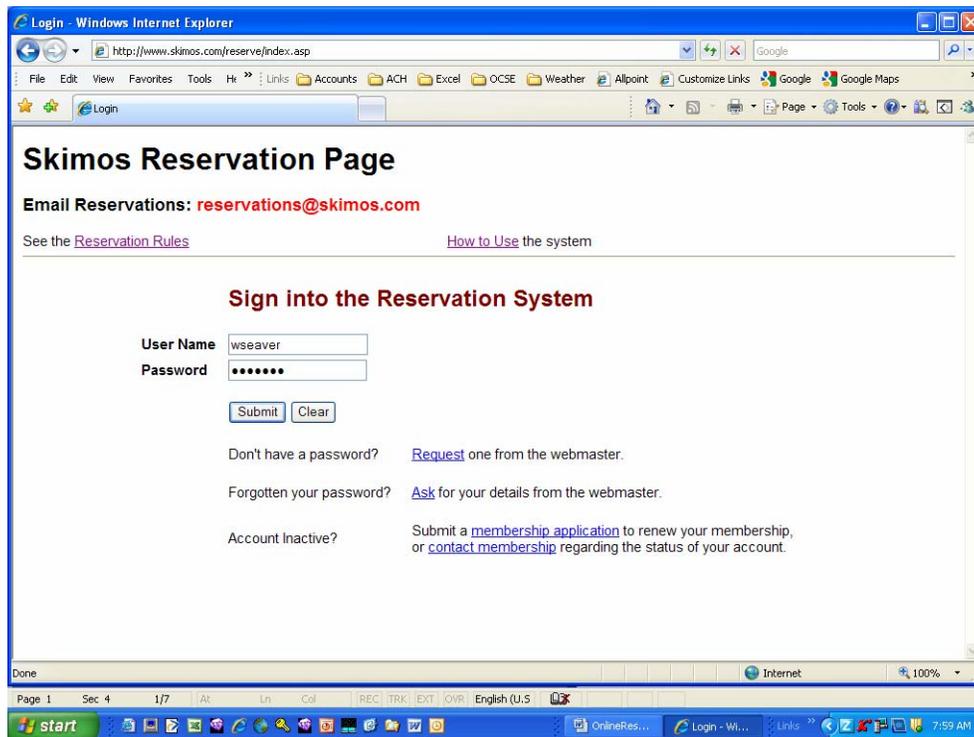

Details

- You will be able to change your passwords in the member's only section. (**My Info**)
- Deadline for making a reservation is Thursday at 12:00 pm prior to the weekend
- Once you have made a reservation you can alter or delete it up to the deadline
- Reservation System was first implemented on 12/1/2002.
- You must hit the Confirm Button to commit to the reservation
- Permanent Reservations automatically place you in the system for 15 weeks From mid December to the end of March. Email the Reservationist if you want a permanent reservation. You must be an A member and your work requirement needs to be met prior to making a permanent reservation.

Did You Know?

- The Online reservation system took two man weeks to build
- The chore list is generated every week using the system
- The Scoff List is kept online and the Reservationist can disallow a booking if you have not paid!
- The Cooks have their own web site where they put in the menus and see the food counts

STEP ONE - Login

The screenshot shows a Windows Internet Explorer browser window displaying the Skimos Reservation Page. The address bar shows the URL <http://www.skimos.com/reserve/index.asp>. The page title is "Skimos Reservation Page". Below the title, the email address reservations@skimos.com is listed. There are links for "Reservation Rules" and "How to Use the system". The main heading is "Sign into the Reservation System". The login form includes a "User Name" field with the text "wseaver", a "Password" field with masked characters "*****", and "Submit" and "Clear" buttons. Below the form, there are three links: "Request one from the webmaster." for users without a password, "Ask for your details from the webmaster." for forgotten passwords, and "Submit a membership application to renew your membership, or contact membership regarding the status of your account." for inactive accounts. The browser's status bar shows "Done" and "Internet". The Windows taskbar at the bottom shows the Start button, several application icons, and the system tray with the time 7:59 AM.

STEP TWO Pick a room and night(s) staying

Hello, **Elizabeth**

Make a new Reservation

**for weekend 48
(Sat 10/26/2002)**

Which Nights do you want to stay?
